EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Collins on 2/11/09.

The application has been amended as follows:

Claims 14-27, 35-44 and 46-50 are cancelled.

The following is an examiner's statement of reasons for allowance: The prior art on record fails to teach transmitting, by a media session, the topology to a media processor, wherein the media processor and the topology generating element are controlled by the media session and wherein the media session is controlled by a media engine that provides an interface to a control application and a themselves, wherein the multimedia data flows from the one or more sources into the media session and then out of the media session and into the media processor where the multimedia data is passed between the media processor and the one or more multimedia components and then out of the media processor and into a media sink in combination with all the elements in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
